

MERIDIAN ELECTRIC & CONTROLS

Electrical and Controls Contracting - Decatur, GA

SCOPE LETTER

August 7, 2026

Crestmark Construction Partners

Attention: Daniel Cho, Senior Estimator

Re: Falcon Medical Center Expansion, Project 26-0147

Bid Package 26-0147-BP-26, Division 26 Electrical

Meridian Electric & Controls is pleased to provide our proposal for the Division 26 electrical scope of work. Our pricing is provided in the accompanying email transmittal. This letter describes the scope of work on which that pricing is based.

This proposal is based on the electrical Contract Drawings, Revision 1, and the Project Manual as furnished to bidders.

INCLUDED SCOPE

- 1 Mobilization, supervision, and project management for the Division 26 scope.
- 2 Branch power rough-in throughout the expansion and renovation areas.
- 3 Feeders and distribution equipment as shown on the electrical drawings.
- 4 Lighting branch circuitry to all fixture locations.
- 5 Lighting fixtures furnished under a \$38,000.00 fixture allowance.
- 6 Electrical permit fees for the Division 26 work.
- 7 Fire alarm device connections shown on the electrical drawings.
- 8 Testing of installed feeders and branch circuits per the Project Manual.
- 9 Closeout documentation, as-built markups, and warranty letters.

MERIDIAN ELECTRIC & CONTROLS

Electrical and Controls Contracting - Decatur, GA

EXCLUSIONS

- 1 Performance and payment bond.
- 2 Utility-company charges, fees, and service-connection costs.
- 3 Structured cabling and Division 27 Communications systems.
- 4 Security, access control, and Division 28 Electronic Safety and Security systems.

CLARIFICATIONS

Temporary power requirements for the project will be coordinated with the general contractor at the preconstruction meeting.

Anticipated duration is 17 weeks from mobilization, subject to the approved project schedule. This proposal is valid for 30 calendar days.

Respectfully submitted,

Curtis Boyd

Chief Estimator, Meridian Electric & Controls
